

COVENTRY – SOIL RECOVERY FACILITY

Dunton Technologies operates this Soil Recovery Facility in partnership with Persimmon Homes situated at Paragon Park, Foleshill, Coventry.

The facility offers a sustainable alternative for a variety of non-hazardous wastes. Treated material is recovered at the site for engineering purposes. Permitted wastes include:

- Excavated soils.
- Construction & demolition wastes.
- Dredging spoil.
- Transfer station fines.
- Compost
- Track ballast.
- Incinerator bottom ash (IBA)
- Pulverised fuel ash (PFA)
- Sewage grits.

The use of our most innovative technology ensures we deliver significant financial and environmental benefits.
