

Fact Sheet **HIMLEY TREATMENT CENTRE**

Dunton Technologies operates this Soil Treatment & Recovery Facility in partnership with Enovert and under licence from the Environment Agency at land at Oak Lane, Kingswinford.

The treatment facility offers a sustainable alternative to landfill for a variety of hazardous and non-hazardous waste streams including:

- ☐ Construction & demolition wastes.
- ☐ Non-Hazardous Soils.
- ☐ Contaminated Soils.
- ☐ Hydrocarbon impacted soils.
- ☐ Made ground.

The use of our most innovative technology ensures we deliver significant financial and environmental benefits including:

- ☐ Cost effective solution.
- ☐ No requirement to pay Landfill Tax.
- ☐ Minimises environmental impacts.
- ☐ Zero program delays.
- ☐ Promotes environmental sustainability.
