

BIRMINGHAM SOIL RECOVERY FACILITY

Fact Sheet

Unit 40, Bridge Street North
Smethwick B66 2BZ

Landfill Tax exempt

Soil Recovery Facility (SRF)

Promotes environmental sustainability

Minimises environmental impacts

Dunton operates the Birmingham Soil Recovery Facility to the west of the city centre. The facility provides a sustainable closed-loop recycling system for non-hazardous soils and demolition rubble. Waste materials are treated and recycled back into the construction industry.

Waste accepted:

- Non-hazardous & inert soils (17 05 04)
- Construction demolition wastes (17 01 07)
- Off specification compost (19 05 03)

Recycled products and materials:

- Recycled Type 1
- Recycled 6F5
- Manufactured Topsoil
- BS 3882 Topsoil

The use of our most innovative technology ensures we deliver significant financial and environmental benefits including:

- Cost effective solution
- No requirement to pay Landfill Tax
- Zero program delays
